

55 / 85 GALLON MIXING MACHINE

Adjustable Paddle Driver:

- Compensates for barrel alignment
- Easy on/off installation with protective dust boot
- Adjustable from 10" (25.4 cm) to 13.5" (34.3 cm)

FEATURES & BENEFITS

- **Durability:** Heavy duty welded construction.
- **Clean Mixing:** Mixes cleaner than air mixers. No oil leaks into the solution from dirty worn out air mixers.
- **Quick Changes:** Quick changes of materials to be mixed with an easy-lift drum moving system.
- **Maximum Safety:** Easy open hinged face guards, plus side guards for added protection. Mesh windows for individual station monitoring.
- **Quality Design:** Energy efficient with an industrial grade explosion-proof gear-reduced motor.

Technicians Available: From 8:30am - 5:00pm EST, M-F to assist you.
