

# Alliance

Series Mixing Machine

## 2.4 M ALLIANCE 1 (A1)

Shelf: (5) moving parts per shelf with non-stretch steel reinforced belts

Tube Construction:  
Patented twist and lock system

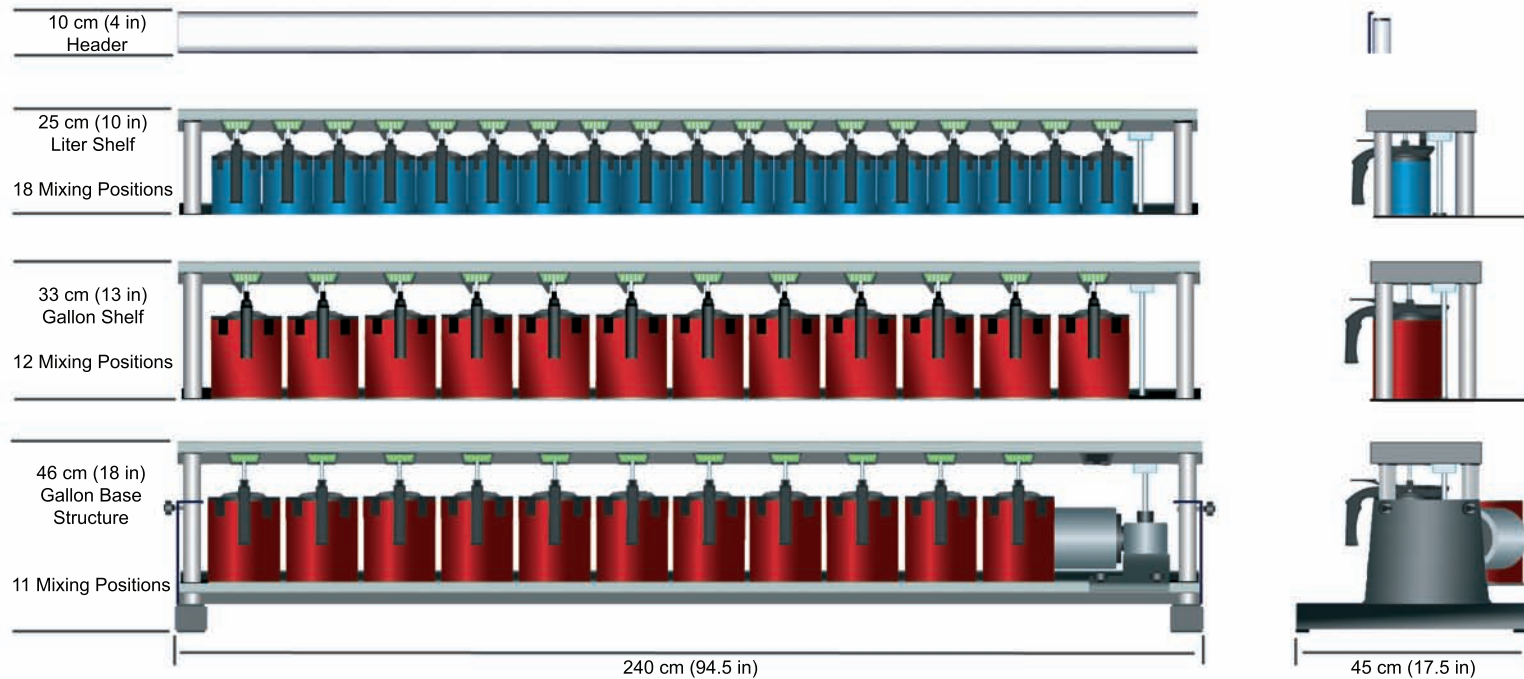

Direct Drive: Gear-reduced drive system eliminates motor belts/motor pulleys

## FEATURES & BENEFITS

- **Quick Assembly:** No tools required and assembles in 15 minutes.
- **Compact Design:** Shelf carton size - 4" (10 cm) is cost-effective for shipping & warehousing.
- **Versatile:** The 1-liter/quart or 3.5-liter/gallon shelf can be positioned wherever needed.
- **Easy Maintenance:** No disassembly required to change a motor or a belt.
- **Modular:** Easily upgradeable by simply adding or removing shelves at any time.
- **Quiet Operation:** This is the result of the direct drive system and fewer moving parts.
