

Mettler BBA242 Refinish Scale

The weighing capacity and accuracy are designed to meet the requirements of refinish applications and can be weighed to the nearest tenth of a gram.

The Delta Range function increases the readability to 0.05g in the 0-999g range.

Weighing capacity up to 7 kilograms.

Weight: 7 kgs (15 lbs)

25 cm W x 33 cm H x 33 cm D
(10in W x 13in H x 13in D)

The backlit LCD display with graphic capability allows full text and multi language communication and guides you through your paint mixes with ease.

The scale is available in both Non Explosion Proof and Explosion Proof models.

Optional dust cover for display available.
