

Eco Sticks

Reusable Paint Stir Stick

ECO STICK

WIDTH: 22 cm / 9 in
DEPTH: 3 cm / 2 in
PART #: SA0152

Features

- Designed to easily remove paint from the inside of a container
- One stick works on both half-liter and one-liter containers as well as disposable cups
- Created especially for waterborne paints but can also be used with solvents
- A plastic stick eliminated particles in the paint caused by wood stir sticks
- Eco sticks can be reused and recycled to save time and money
- Full package can be mounted to a wall
