Dedoes # 4LL1W

Eighteen Quart Shelf:

Dedoes # 1LL1W

Alliance A1 motors are explosion-proof, rated for Class 1, Division 1, Group D, hazardous locations, U.L. and CSA approved. Each motor is controlled by an electronic timer.

Customize the size and capacity of your machine! Each machine requires one motor and timer package, one base shelf and any combination of quart and or gallon shelves. Each machine can support up to seven shelves total.

Features

No tools required for assembly with our twist and lock system.
Easily assembled with two people in fifteen minutes!

Quiet reliability

The gear reduced drive system is quiet and strong enough to agitate our largest machine with a high can capacity. Each shelf only has five moving parts to reduce noise, wear and maintenance needs.

Simple operation

The push button timer offers three time setting for quick to long agitation times to ensure your paints are ready when needed.

Mixing lids sold separately
