Features

- **Strong and Durable**

The 3/4 HP Explosion proof electric motor agitates eight gallon cans and is strong enough for heavier paints and primers. The simple design has been tested for decades and proven itself to be a long lasting solution for any shop.

- **Easy Operation**

A gallon can with mix lid can easily be placed on or removed during operation. The motor is controlled by an push button timer that can run for five, fifteen, or thirty minute cycles.

- **Adaptable**

While designed to fit gallon cans, the Thrift-O-Matic Machine can use a magnetic quart platform to accept quart or half liter cans with mix lids.
